

KITCHEN DESIGN CONSULTATION

“Kitchens are the heart of the home, they are where we make lifetime memories and connect with the loves we love.”

- Teresa Perry

With the Kitchen Design Consultation Service we will help create a beautiful and functional custom kitchen. You will provide TPD with a list of your requirements, appliance list and how you want to be able to use the space and TPD will design a fabulous custom kitchen for you!

TPD will have a 3 hour initial design consultation in your home, we will work with you to create a kitchen that reflects you. Within two week, you will receive hand drawn floor plans and 2 elevations. We will review the layout together and you will receive an estimate for the entire design, including custom cabinetry, counter top selection, and hardware. You will be able to purchase these items through Teresa Perry Design at our special procurement rate.*

*The investment for the **Kitchen Design Consultation** ranges from \$3,750.00 to \$10,050.00 depending on the space.*

** Our procurement services provide our clients with the best possible cost to meet their needs in terms of quality, quantity, time and location.*
